

Being a Gracious Guest

Take off your shoes when you enter someone's home. *Say*

'hello' to everyone in the house, not just your friend. **Bring something to share (maybe a toy or a snack).**

Use your manners – always remember 'please' and 'thank you'. *Ask about any 'house rules' – things*

that might be different than at your house -- just

because you can jump on the couch at home doesn't mean you can do it at your friends' house. **Play**

carefully with toys that don't belong to you – you would

want your friends to do the same at your house. *If you*

have a snack and it's something you don't like,

just say 'no, thank you' instead of saying 'yuck!' *Offer*

to help clean up what you played with before you leave. **Always**

tell your friend "Thanks for inviting me"

when saying good-bye.
