

Being a Helpful Host/Hostess

Answer the door with a smile and welcome guests (they might be shy so you should talk first). Help them hang up their coat and store their shoes while they visit. Introduce them to your family & pets. Ask guests what they would like to do and show them where you can play. Make sure to share the 'house rules' (what you are allowed to do at your house). Remember that a good host/hostess shares all their toys (it's more fun to play that way). Offer guests a drink or snack if they will be visiting for a while. When it's time to say good-bye, walk your guest to the door and tell them "Thanks for visiting!"
